Fiberglass Doors

Fiberglass Sidelights

Steel Doors

Steel Sidelights

Transoms

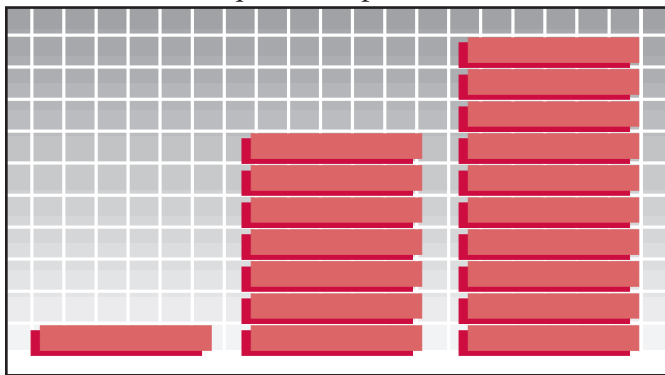

We feature steel doors from Masonite International. Albany offers 25 different paint colors and 12 different stain colors in more than 200 door styles. All of the styles are available with either a quick fit steel replacement frame or new construction wood or steel jambs.

Optimum Security

Two-thirds of all illegal entries are made through doors. Masonite's steel-edged doors have been proven to be more secure than traditional wood-edge doors.

Strikes Required To Open Locked Door

Wood-edge Door
With Wood Frame

Steel-edged Door
With Wood Frame

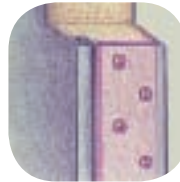

Steel-edged Door
With Steel Frame

Reinforced Lockset Area
Provides a rigid base for locksets.

Interlocking Steel Edge
Incorporates six 90° steel bends in each edge ensuring stability and strength.

Hinge Reinforcement
The 12-gauge plate riveted inside each door adds extra strength to the hinge area.

Energy Efficiency

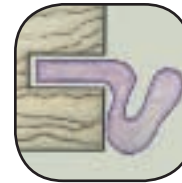

Masonite steel doors provide the kind of energy efficiency that can really contribute to lower home heating and cooling costs. Each door has a solid high density polyurethane core resulting in an R-15.2 insulating value for doors without glass. That's five times better than wood doors and up to twice the R-value of many competitive steel doors. Masonite doors are the only steel edge doors with a true thermal break. A vinyl extrusion locks the steel skins together, but separates the exterior skin from the interior skin, eliminating the transfer of heat or cold through the steel skins.

Perimeter Weatherstripping
Our standard is TPE magnetic weatherstrip sealing the head and strike sides with TPE bulb compression weatherstrip on the hinge side.

Triple Contact Bottom Sweep
Twin compression bulbs and an extruded vinyl "blade" mate with the adjustable threshold to seal the door bottom. Helps eliminate drafts, leaks and ice build-up.

As an option compressible foam filled weatherstrip is available for the head and sides.

Exceptional Lead Time & Packaging

Albany Door Company's normal lead time is easy to remember. We call it 1, 2, 3. In most instances, primed doors are delivered in less than one week, two weeks on painted doors and three weeks for stained doors.

All prefinished doors are boxed to assure they get to the job in excellent condition. Replacement doors literally float on foam blocks inside the box while new construction doors are protected by the jambs. Everything is included to help make your job go smoothly.

BELLEVILLE™
 Fiberglass Entry Doors

Introducing the

Belleville™ Fiberglass Door Collection,

shaping grand entryways with great looks and maximum design flexibility

HIGH-PERFORMANCE FIBERGLASS FACING

Smooth Belleville facing provides an extra smooth surface for painting that will not dent and resists splitting, cracking and warping.

HIGH-DEFINITION PANEL

New high-definition panel profile provides Smooth Belleville with excellent shadow lines and distinct panel designs.

STILE AND RAIL

Smooth Belleville replicates the appearance of a wood door with stile and rail detail.

POLYURETHANE CORE

Rigid polyurethane foam, meeting strict environmental guidelines, provides maximum thermal protection and dimensional stability.

TRUE SQUARE-EDGE DESIGN

The square-edge design of Smooth Belleville offers an attractive wood door appearance.

HIGH-PERFORMANCE FIBERGLASS & HARDWOOD DOOR BEAUTY

Specially engineered fiberglass door facings provide maximum protection and durability. The surface of the Textured Belleville door produces an authentic wood door appearance by utilizing Masonite's new, variable depth, wood-grain texture that finishes beautifully.

HIGH-DEFINITION PANEL

New high-definition panel profile provides Textured Belleville with excellent shadow lines and distinct panel designs.

STILE AND RAIL

Textured Belleville replicates the appearance of a wood door with stile and rail detail.

POLYURETHANE CORE

Rigid polyurethane foam, meeting strict environmental guidelines, provides maximum thermal protection and dimensional stability.

TRUE SQUARE-EDGE DESIGN

The square-edge design of Textured Belleville offers an attractive wood door appearance.

Albany Door's Weather Fighting Frame System

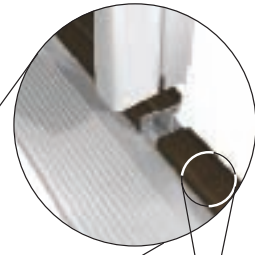

CONTINUOUS FRAME HEAD

Using a continuous head, sill assembly maximizes the stability of any sidelight unit.*

CONTINUOUS FRAME SILL

The continuous sill system virtually eliminates racking and bending because it is one solid unit. Mill finish shown is standard Brass and Bronze are available.*

FRAMESAVER® JAMBS & MOULDINGS

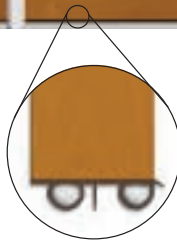

The bottom 5 inches of all our exterior frames and mouldings are made with a wood composite guaranteed not to wick water or ever rot.

COMPOSITE ADJUSTABLE RISER

Our composite riser is wear resistant, not subject to the effects of water or the transmission of hot and cold while still adjustable to maintain an optimal weather seal.

TRIPLE BOTTOM SEAL

The door seal on all our door bottoms is a bulb, fin, bulb configuration assuring a triple seal against wind and rain.

*In some instances your contractor may deem a box built unit is more appropriate for your particular installation. No matter how thick your walls, all our new construction frames are designed to be storm door ready.

Albany Door Company, Inc.

PRE-FINISHED ENTRY DOOR SYSTEM LIMITED WARRANTY

Albany Door Company, Inc., warrants to the original purchaser, that the door system will be free of defects in materials and workmanship under normal use. This warranty covers materials only.

Belleville® Fiberglass Entry Doors: LIMITED LIFETIME WARRANTY, the door panels are warranted not to shrink, warp, split, crack or delaminate for the lifetime of the door.

Oakcraft® Wood-Grain Textured Fiberglass Entry Doors: LIMITED 25 YEAR WARRANTY, the door panels are warranted not to shrink, warp, split, crack or delaminate for twenty-five (25) years.

Steel Entry Doors: LIMITED 15 YEAR WARRANTY, the door panels are warranted not to shrink, warp, split, crack or delaminate for fifteen (15) years.

Door glass and door glass frames: LIMITED 10 YEAR WARRANTY, glass units, internal blind units, internal muntin units, and glass frames are warranted against seal failure and defects in material and workmanship for a period of ten (10) years from date of installation. This includes doors that are installed with a storm door.

Factory Paint and Stain finishes: LIMITED 5 YEAR WARRANTY, paint and stain finishes on the door unit and glass frame are warranted against flaking, checking, blistering or peeling for a period of five (5) years. After three years the clear coat on stained surfaces may start to discolor, it is the owners responsibility to apply a fresh coat of exterior polyurethane in accordance with the manufacturer's instructions. If the factory finish is visibly scratched, scuffed or otherwise damaged, it is the owner's responsibility to repair immediately. Failure to maintain this coating will void this warranty.

FrameSaver® wood frames and components: LIMITED LIFETIME WARRANTY, door frames will not rot, decay or suffer fungal damage resulting from water absorption through the bottom of the frame. The "Z-Series Composite Threshold" supplied with wood frames also carries a LIMITED LIFETIME WARRANTY. Oak adjustable thresholds are warranted for five (5) years.

Steel L-frame, stops and oak adjustable threshold: LIMITED 5 YEAR WARRANTY, replacement frame components are warranted against defects in material and workmanship for five (5) years.

Hardware: LIMITED 5 YEAR WARRANTY, hinges, kick plates, magazine slots, door knockers, peepsites, door closers, are warranted against mechanical defects and tarnishing for a period of five (5) years except hinges with exterior exposure unless those hinges are stainless steel (320).

Kwikset® locks: LIMITED LIFETIME MECHANICAL, LIMITED LIFETIME FINISH, LIMITED 10 YEAR FINISH, LIMITED 5 YEAR FINISH, L03 finishes are finish warranted against tarnishing for the lifetime of the lock, Chelsea®, Commonwealth®, Hancock® and 780/785 deadbolts with finishes other than L03 are finish warranted against tarnishing for ten (10) years; Gibson™, Lido®, Tustin™, Delta® and 660/665 deadbolts with finishes other than L03 are finish warranted against tarnishing for five (5) years. Performance on Kwikset®'s warranty is through their customer service at 1-800-327-LOCK (5625).

Schlage® locks: LIMITED LIFETIME MECHANICAL, LIMITED LIFETIME FINISH, finishes are warranted against tarnishing for the lifetime of the door except for the Oil Rubbed Bronze finish (613) which is designed to improve over time and change in appearance, creating a living finish through daily use and, thus, finish discoloration is not applicable to the warranty. Performance on Schlage®'s warranty is through their customer service at 1-888-805-9837.

Weatherstripping, door bottom sweeps and corner seals: LIMITED 5 YEAR WARRANTY, weather seals are warranted against defects in material and workmanship for a period of five (5) years.

The warranty excludes failures which are the result of: (1) Accidents, fires, acids, fumes, chemicals; (2) Improper use; (3) Improper installation; (4) Abuse; (5) Vandalism; (6) Acts of God.

NOTHING IN THIS WARRANTY SHALL RENDER ALBANY DOOR COMPANY, INC. IN ANY RESPECT LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING ANY DAMAGE TO BUILDINGS OR OTHER PROPERTY, OR FOR ANY INJURIES OR DAMAGE SUSTAINED BY ANY PERSONS WHOMSOEVER. (SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.)

To obtain performance of the warranty notify your contractor or dealer, in writing, of the problem incurred. Have them forward a copy of your notification along with our original invoice number and invoice date to the below address. Within 45 days of receipt of this notice an Albany Door Company, Inc. representative will arrange for inspection. If it is deemed to be a manufacturing defect, Albany Door Company, Inc. will arrange to supply replacement product or part to your contractor or dealer. Albany Door Company, Inc. reserves the right to make changes in any of its products or offerings. If the products covered by this warranty are not available, Albany Door Company, Inc. shall have the right to substitute a product that is of equal or better quality. The purchaser must pay for any and all labor necessary to install the product or replacement part and for the transportation from their contractor or dealer to his or her residence.

Albany Door Company, Inc., 5846 West 66th Street, Bedford Park, IL 60638

CUSTOM PAINT AND STAIN FINISHES

Choose from 25 standard paint finishes. Albany Door Company uses paint with the same scratch resistance as baked on enamel and ultra-violet blockers as the finest latex.

* Color available for aluminum clad new construction jambs

Choose from 12 standard stain finishes. All Albany door finishes have a five (5) year limited warranty. Contact your dealer for details.

Due to limitations in the printing process, the above color and stain samples may vary. For true color, see the actual color and stain samples.

Your next choice - ODL's vast selection of glass designs. Opt for clear glass to let in light, textured glass for privacy, or a design with a touch of color. From the transparent to the obscure, ODL offers a stunning combination that's perfect for your home. Just a few of the glass designs found in this catalog are shown below.

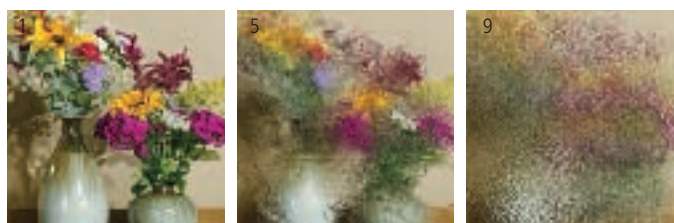

Glass Textures

Our designs use handcrafted glass in a variety of textures to create privacy while admitting natural light. Glass textures are for representation only and are not available in all glass styles. This is a sample of textures used in standard glass designs. (This is not a custom glass program.)

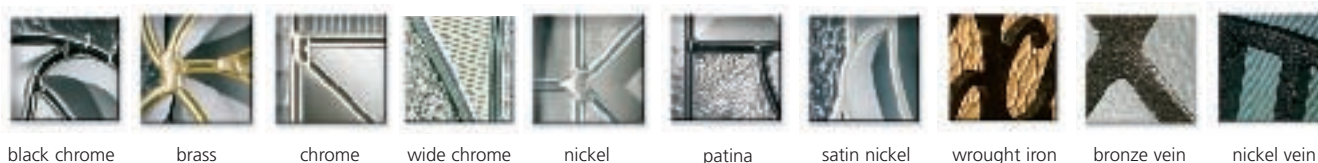

Privacy Rating

Each doorglass design is assigned a privacy rating to help you choose the level of openness or obscurity that's right for you.

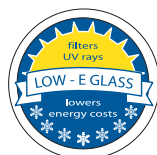

Caming

Caming is what holds the glass together. Different caming metals let you coordinate with exterior fixtures, hardware, or interior motifs.

Low-E

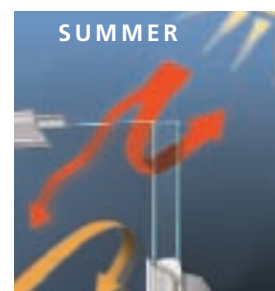

Available as a clear doorglass option, Low-E glass is made with an invisible thin metallic coating that blocks heat flow. A proven energy saver, Low-E glass reduces air conditioning costs by reducing solar transmissions in the summer. In winter, it reduces heat loss to the outside and allows solar energy to pass inside.

ODL glass can be used in doors to meet Energy Star criteria.

- Allows solar energy in
- Reduces as much as 71% of heat loss
- Reduces drafts and cold spots

- Reduces direct sun rays
- Reduces cooling loss
- Blocks re-radiated solar heat
- Filters UV rays (reduces fabric fading)

Light Touch® Controls
Fingertip control allows you to tilt blinds

Light Touch® Controls
Ergonomically designed control easily raises and lowers the blind

Patent 6601633

Door 89 RLB

Available as a clear doorglass option, Low-E glass is made with an invisible thin metallic coating that blocks heat flow. A proven energy saver, Low-E glass reduces air conditioning costs by reducing solar transmissions in the summer. In winter, it reduces heat loss to the outside and allows solar energy to pass inside.
